Total Marks _____ %

Instructions

Recreate the following design using the HTML and CSS. All files should be in the same folder.

- You are required to create the front page as shown in the photo bellow and one more extra page with your own design. Example you can create you own page for “services”.
- Grading – 60 marks for the design to be exactly as show in the photo using html and css. 40 marks for the extra page with your own design using html and css.
- Name the folder with your full name and with the “Final assignment”
Eg “Jeson Roy - Final assignment”
